

The last year of the 2<sup>nd</sup> millennium and the 20<sup>th</sup> century has been quite a fun and challenging one for Robert and Davina. The year kicked off with Robert and Davina participating in the baptism of their goddaughter Greta Montowski (Debbie and Tim's daughter) in Idaho. In February it was off to Ohio for the baptism of Robert and Davina's goddaughter Jessica Gill (Donny and Ann's second daughter). There was a lull in travel to concentrate on classes. Both Robert and Davina will graduate in May 2001. Yeah! In May Davina was off to a cousin's wedding in Maryland and her younger sister Jeanne's college graduation in New York. Robert and Davina were also in Ohio for a family visit at Memorial Day. June brought the retirement of Davina's father from Lockheed Martin – Martin Marietta – General Electric after 45 years. Davina's brother and his family came from Alaska to surprise the guest of honor. Amongst all this Robert traveled extensively from coast to coast with work. August continued the retirement celebration in Hawaii with Davina's family. September brought a family reunion of Davina's mother's mother's side and the wedding nuptials of Davina's older sister Katherine to Brian Haslip. They now live in Gresham, Oregon just outside of Portland. November brought some of Robert's family (including surprise guests – his mother and father) to Colorado Springs for Thanksgiving and Greta's first birthday party. It also brought a significant change in Davina's career. After seven years at Lockheed Martin she accepted a position with a company called Scitor. Scitor is a much smaller company (800 vs 150,000 employees). She is still working in the military space industry. The change has been enjoyable thus far. To finish off the millennium Robert and Davina are off to Pennsylvania and Ohio to visit their families.

Looking to 2001 . . . has it been three years in Colorado already? For those of you wondering where the next move with the Air Force will be . . . Robert will be leaving at the beginning of May for a one-year assignment in Seoul, South Korea. Davina will stay with the dogs in Colorado Springs. She is looking forward to her younger sister Jeanne coming to stay with her and the girls for the year. Robert is looking forward to his new challenge.

Have a safe and happy holiday!

Peace –

*Robert  
&  
Davina*
